What goes on a dashboard?

What future decision will be different based on the metric?

Does this person get fired now?

What strategic goal does the metric help you meet?

Company Goal:
Add \$100,000
in New Client
Revenue

But you track...

Net New Assets

Who is the audience?

Your dashboard shows:
Firmwide
Close
Rate

But the dashboard is for your advisors. They need their own rate.
